I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: After years of severe menopause symptoms that were truly ruining my life, I was able to obtain the natural compounded hormones found at Madison Pharmacy. Believe me, I tried obtaining them from pharmacies in Salt Lake City, but to no avail. For the first time in years I have obtained a sense of balance. Most local Pharmacies are simply not equipped to produce these valuable products.
